The SUPER-HAPPY Anarchon Fun Pages! #15 Autumn 09

5th Anniversary!

Can you dig it?!

Featuring:
- the social warriors
- some IWW jokes

FREE
Five years and fifteen issues. That’s almost seasonal. I have to admit, I’m pretty excited. I started SHAFFP right after the 2004 RNC protests in NYC—in fact, the first incarnation was a “free trade was invented by space aliens” pamphlet for a Really Really Free Market at St. Marks Church. And thanks to lovely folks re-distributing the comics, they’ve gone all over the world. And quite exciting to me, Eberhardt Press will be publishing an anthology of the first five years of SHAFFP, due out next spring! We will make it as dirt cheap as possible, and of course individual issues will remain free.

new(ish) from Strangers in A Tangled Wilderness:
- more zines! A photo book!
- special SHAFF issue “Rolling Dumpster”!
- other crap!

NOT IN MY BACKYARD!

Did you know, that in our neighborhood:

- There are ATMs dispensing money?
- A large number of storefronts (nearly 100%!) use windows to create artificial boundaries between interior and exterior spaces?
- These same stores require the donation of money before they allow you to take items that you desire?

No More:
- Windows
- anti-theft devices
- ATMs
- monogamy
- other things we don’t desire

yes to bricks!
I'm worried about you.

Why?

You haven't been to an infoshop meeting in months.

Yeah, I'm over it.

You've fallen behind in your prisoner correspondence.

It's bad security culture.

You haven't even been to Food Not Bombs.

Don't even get me started about anarchocapitalism.

Later...

I took your advice to heart.

Really?

You were right. In my rage against plate glass, I became blind to the interconnected web of oppressions.

Here's my new flyer. Want to go help me put some up?

Are you ready for the big gathering tonight?

Ready as I'll ever be.

All the factions are going to be there...

The Platformists

The Syndicalists

The Mutualists

The Individualists

The Ex-Workers

The Primaries

The Other Primaries

The Post-Civilized

Nim, Nim, cherries

The Peace Punks

Yes, I'm a wobbly!

The Crust Punks

You're a wobbly?

The Circus Punks

Woo!

Maybe if you're wobbly you shouldn't drink so much.

The Cyberspunks

Hee hee.

The Steampunks

Grunt.

Even the IWW is forming splinter groups. I've never been so embarrassed to be a wobbly.

The War Hippies

The Spooky Anarchists

You're a wobbly?

The Christian Anarchists

So now there's the industrial workers of the world...

The Pagan Blacs

The anti-workers of the world...

Look, we tried this "one big union" thing 100 years ago. It didn't work. Give up the ghost.

And you're into propaganda of the deed?

Fair enough.
Oh no! Someone shut the facilitator.

I bet it was the social warriors.

Yeah! They don't share my specific analysis on a number of issues!

Phew. Glad we're safe back at our infoshop.

Hey, don't call it an infoshop. That sounds like subculture.

Okay, our community center.

Well, wherever we are, I'm glad we're here. It was scary, all these people attacking us in the comments on anarchistnews.org.

I never thought we'd make it through the blogosphere alive!

The Philosophical Anarchists
I wish you wouldn't wear that shirt.

Even the "don't call me an Anarchist!"
Anarchists will be there: the
horizontalists, the autonoms, and the
autonomous marxists.

And of course, us. The
Social Warriors!

Can you dig it? There are more
factions of us than there are cops
in this town! If we fight our real
enemies instead of each other, we
could run this city. Can you dig it?

I don't want to kill
anything. Sounds
organizationalist, if
you ask me.
