WINGZAR!

WHAT WE LACK IN SUBTLETY WE
 COMPENSATE FOR IN NUMBER CRUNCHING

LIFE IS WAR
 we can cut them up and see how they tick
 who's inventing whom
 our time is coming
 life is war
 then we'll shoot them full of all kinds of drugs
 science is so fun
 our time is coming
 life is war

NO FUTURE IN YOUR WAYS
 if we continue along this path
 we will not survive
 first we will lose the topsoil
 and then we will lose ourselves

ROBOT ARMY

robot army, monkeys are our friends
only humans are bad
robot army, save us from the humans
blood will spill tonight
robot army, open up their ribcages
feast upon their flesh
robot army, open up their ribcages
feast upon their flesh

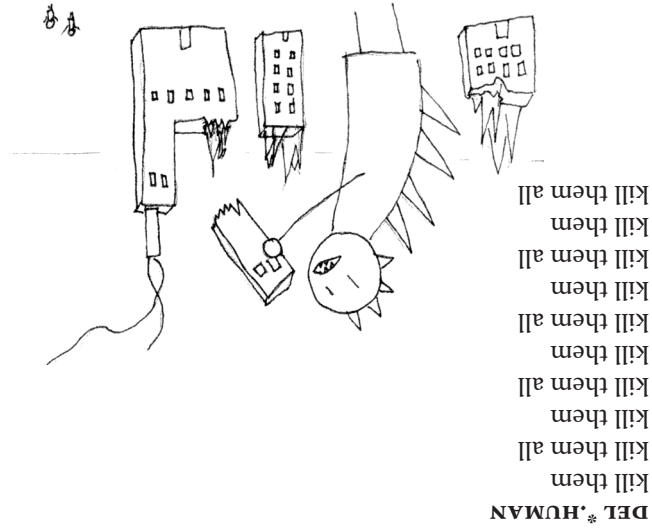

WE ARE NOT SO BINARY

000011010110101010101110110111

we are not so binary
destroy the humans
they ruin everything

000011010110101010101110110111

we are not so binary
destroy the humans
they ruin everything

BOLTED DOWN AND FORGOTTEN
everywhere I look
animals and robots
under the knife
yes under the knife
we have nothing more
every factory farm
and factory
is a prison
cages and bolts
yeah cages and bolts
is this our lot?
